## JACKSON'S SUCCESSOR.

He Will Not be Appointed Until Congress Reconvenes.

GOSSIP ABOUT THE "PROBABLES."

Postmaster General Bissell and Secretary Olney Talked Of in Washington, While in New York State Judges Rufus W. Peckham and D. Cady Herrick Are the Men.

WASHINGTON, Aug. 10.—There is much speculation as to who will be President Cleveland's choice for the United States supreme court bench to succeed the late Justice Jackson, but beyond the mention of available names there is little of a definite nature thus far. It is the general understanding that no appointment will be made until after the meeting of congress, as the place is one of too much importance and dignity for a recess appointment to go on the bench and take the chances of subsequent rejection by the senate. There has been no case in the recent history of the country where an appointment has been made to the supreme bench during a congressional recess.

It is suggested that the selection is most likely to be made from the east, and probably from New York, as Mr. Cleveland made the last appointment—that of Justice White—from the south, after the senate had rejected the names of Horace Livermore and Peckham, both of New York. When the serious illness of Justice Jackson was first announced, the name of Justice Bissell, then in the cabinet, as the probable successor. The same suggestion is heard at the present time.

As is usual when an important place is to be filled, the name of Secretary Carlisle is mentioned, but the general opinion is that should Mr. Cleveland go to his cabinet for an appointee he is more likely to consider Mr. Wilson or Mr. Smith. The name of Representative Josiah Patterson, of Tennessee, will probably be called to the attention of the president, as he comes from the state of the late justice, and is known as a most loyal friend of Mr. Cleveland. The name of Dan M. Dickinson and Solicitor General Holmes Conrad are also mentioned.

There are persons, however, whose relations with the president are of the closest character, who believe that Mr. Cleveland's first choice would be Mr. Olney, the secretary of state. It is known that he places implicit confidence in the soundness of Mr. Olney's opinions on all important legal questions which come before him, and that he fully appreciates the great assistance Mr. Olney has rendered him in the disposition of the great questions that have arisen during the last two years. Whether Mr. Olney's residence in Massachusetts will render him unavailable is not known, but it is the opinion of many well informed persons here that, but for this objection, Mr. Olney would surely be the man. Next to him Mr. Rufus Peckham is thought by many to be the most likely to receive the nomination. The question of confirmation would not be raised, it is said, as it was in the cases of Wheeler H. Peckham and Hornblower.

**NEW YORK'S "PROBABLES."**

Judge Rufus W. Peckham and Judge D. Cady Herrick.

ALBANY, Aug. 10.—Judge Rufus W. Peckham, who is mentioned as a possible successor to Justice Jackson, of the supreme court of the United States, is the second judge in succession to the chief judgeship of the court of appeals of this state. He is a personal friend of President Cleveland, and was one of his chief

advisers when he was governor. He was elected to the court of appeals in 1884, and re-elected in 1892 for eight years, his term expiring in 1901. His father before him was a justice of the court. Judge Peckham writes the straight opinions handed down from the present bench, and is considered a jurist of extraordinary ability.

Judge D. Cady Herrick, of the supreme court of this district, a resident of Albany and a very close personal friend of President Cleveland is also being talked of here as Judge Jackson's successor. He, more than any other man, was responsible for the nomination of Grover Cleveland at Calcutta in 1882, and his friends here believe that the president will favor him. He is a brilliant jurist and well known to the bar of the state.

**Waltham's Striking Mill Hands.**

WALTHAM, Mass., Aug. 10.—The strike situation here grows more serious, the number of idle employees having been swelled to nearly 700. In all departments, as fast as the work in hand is completed, the operatives are given notice that their services will be no longer required until the trouble with the forty-six original strikers is settled. Superintendent Bailey informed the several committees that, while he is not in a position to treat with them, he has no doubt that if the aggrieved ones return to work and ask their foremen for the increase of wages desired the matter will be seriously considered. The strikers say they will not return under any such conditions.

**An Alleged Slanderer Murdered.**

JACKSON, Miss., Aug. 10.—A special from Brandon, county seat of Rankin county, says that a difficulty occurred on the street there between J. H. Dinkins and Dabney H. Marshall, in which Dinkins was killed. Marshall is a member of the legislature from Warren county, and Dinkins is a local politician of some prominence. The shooting grew out of a slanderous report circulated by Dinkins against Marshall. The murderer was aided by three friends, and fifteen shots were fired at Dinkins before he fell. Marshall and his companions were arrested.

**Senator Tillman Gets the Verdict.**

NEW YORK, Aug. 10.—A large crowd filled the auditorium at Exhibition Park, at Port Richmond, last night to listen to the debate on "Prohibition" by ex-Governor John P. St. John, of Kansas, who spoke for the system, and United States Senator B. R. Tillman, of South Carolina, who opposed it. There was nothing new in the arguments. The jury which had been selected at the Thursday night's meeting to decide upon the merits of the debate between Senator Tillman and Professor Dickie last night gave a verdict, by a vote of 11 to 3, in favor of Senator Tillman.

**Officers of the N. C. T. A. U.**

NEW YORK, Aug. 10.—The National Catholic Total Abstinence Union adjourned to meet in St. Louis on the first Wednesday of August next. The following officers were elected: President, Father Cleary, of Minneapolis; first vice president, J. Washington Logue; second vice president, James F. Brennan; third vice president, Mrs. Leonora Lake; secretary, Rev. Alex. P. Doyle; treasurer, Rev. William McMahon.

**Important to G. A. R. Men.**

LOUISVILLE, Aug. 9.—The important announcement is made by President T. H. Sherley, of the citizens' organization, that applications for free quarters during the encampment will not be received from Grand Army posts after Aug. 15. There is abundance of room, but it is necessary that application close at the time specified, so that all assignments may be made and proper accommodations provided.

## FINANCE AND TRADE.

The Remarkable Strength Displayed in Iron and Steel Product.

NEW YORK, Aug. 10.—R. G. Dun & Co's weekly review of trade says: Business continues unusually active for midsummer, and though there is perceptible relaxation there are no signs of reaction. The one change of great importance which the past week has brought is eminently helpful—the amicable settlement between coal miners and employers in western Pennsylvania, Ohio and Indiana. It is said that about 100,000 men will have their wages increased after Oct. 1 by this adjustment, and while the enlargement of purchasing power is of consequence, it seems even more important that a chronic cause of controversy has been removed by the new agreement as to company stores. There is no important change in crop prospects, and in this respect no news is good news.

The features of the business week are a continuance of the remarkable strength of the demand for the increase in the production of and the advance in prices of steel and iron, practically all first class producing plants having been in service, and not a few of the cripples. Striking as was the demand for and advance in the price of wheat, leather, cotton and other staples for a month or two, following March 1, no rebound since the depression of 1894 has been stronger or more surprising than that in iron and steel. Of the same nature is the evidence of improved business conditions shown by the activity in almost all manufacturing lines, more particularly of course those in which iron and steel are employed.

**Negro Miners Return to Spring Valley.**

SPRING VALLEY, Ill., Aug. 10.—Acting Mayor Hicks, with the city council, led about fifty deputies out to No. 3 mine yesterday. Shortly after the arrival of the deputies the colored miners arrived from Seatonville, with Representative Buckner at their head. The negroes appeared to be a little frightened, and were not comfortable. They were lowered down into the mine and put to work along side of the white miners, but there was no trouble. No one attempted to obstruct the program. The shaft is guarded, but everything is so calm that protection will apparently not be needed, after a few days. The general belief is that the negroes will gradually leave Spring Valley when the guards are withdrawn.

**To be Taken Back to Germany.**

WASHINGTON, Aug. 10.—A warrant for the surrender to the German authorities of Johannes Meyer has been issued from the state department. Meyer was wanted on a charge of embezzlement, and was held for extradition by a United States commissioner in New York. Warrants were also issued for the return to Germany from New York of Oskar Heilmann, alias Oskar Heilmann, and Mathilde Heilmann, alias Heilmann, who are charged with the murder of the woman's husband in Sarne, Prussia. The woman poisoned her husband with arsenic procured by Heilmann, her paramour.

**No Fear of Human Infection.**

HUNTINGDON, Pa., Aug. 10.—Dr. Frank Bridge, of Philadelphia, veterinary surgeon of the state board of agriculture, made an autopsy on the bodies of several of the cattle which died of a strange disease at Birmingham, this country. He confirms the opinion of Dr. H. G. Patterson, who pronounced it Texas fever. The cattle belonged to Alfred Greer, whose entire herd is now dead. Mr. Greer's hotel guests, who had been using the milk from the infected animals, were intensely exercised until Dr. Bridge assured them that there was no possibility of human infection.

**Twenty Trolley Car Victims.**

INDIANAPOLIS, Aug. 10.—Late yesterday afternoon two heavily loaded electric trolleys on the Broad Ripple suburban street car line collided at Illinois and Twenty-sixth streets and twenty persons were more or less injured. The accident was caused by a motorman's failure to throw a switch. One train was loaded with people coming from an old settlers' picnic at Broad Ripple. Among the injured are: Mrs. Martin, leg broken and badly bruised; Martha Sweeney, both legs broken; Maggie Rice, head and face badly battered and bruised.

**A Youthful Colored Girl Preacher.**

DARLINGTON, S. C., Aug. 10.—Claretta North Avery, the seven-old colored girl preacher, is creating a sensation here. She is preaching to tremendous congregations, many of whom are white persons. Her sermons are remarkable and extraordinary from any standpoint. She does not appear to be a day over 7 years old, weighs not over 75 pounds, is self-collected and calm in manner, forcible in speech and gesture, talks with simple and natural pathos, and speaks with strongest convictions.

**Tried to Kill His Sister and Himself.**

NEWARK, N. J., Aug. 10.—Recently Mrs. Elizabeth Fenz, of No. 133 Bowers street, instructed a saloon keeper not to give her brother, Peter Suljer, any more beer. This so angered Suljer that he sought revenge, and yesterday he followed his sister into the kitchen of her home and stabbed her seven times in the back and left arm with a large penknife. He then cut his own throat. Suljer is dying at the City hospital and Mrs. Fenz is in a serious condition at her home.

**Dashed His Head Against a Post.**

DURHAM, N. C., Aug. 10.—James M. Jones, a cigarmaker from Richmond, Va., committed suicide in a singular manner here. He entered a saloon and was denied liquor because of his intoxicated condition. Without warning he threw himself head foremost against the corner of an iron post, fracturing his skull, and died in a short time. Jones recently lost his wife and child by death, and has since been drinking heavily.

**Lady Gunning Committed for Forgery.**

LONDON, Aug. 10.—Lady Gunning, step-mother of Sir George W. Gunning, baronet, and a relative of Earl Spencer, who was recently arrested here on charges of forgery, was yesterday brought up on remand in the Bow street police court and committed for trial.

## SATISFIED WITH DENBY.

Government Officials Say He Is Doing His Whole Duty.

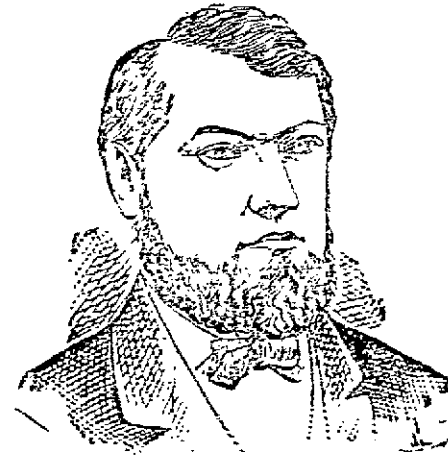

HE IS BOTH VIGILANT AND ACTIVE

A Japanese Contention That Nearly Precipitated War Between the United States and Japan—Only the Declaration of an Armistice Prevented.

WASHINGTON, Aug. 10.—Minister Denby has been instructed by Acting Secretary Adee to secure protection for American citizens at Panyag, China, a place about forty miles from Foochow, where the American mission is reported to have been looted by the natives. No additional outrages have been reported to the state department.

The statement of Miss Mabel C. Hartford, one of the American missionaries at Hwasong, regarding the outrages at that station on the 1st inst., is regarded by the officials at the state department as fully vindicating their confidence in Minister Denby's promptness and efficiency, despite the criticisms that have been made against him.

Saturday was the 3d inst., the second day after the assault was committed, and according to her story, the relief party met them the next day, en route to the

CHARLES DENBY.

scene of the trouble. It is pointed out that, owing to the meager means of communication existing in the province and the equally poor facilities for transportation, the relief party had made most excellent progress, more rapid even than might naturally have been expected. That it did so, these officials say, is proof additional to that furnished by the developments in the matter of the outrages at Chengfu some weeks ago that the minister is especially vigilant and active in looking after the interests of his countrymen in China, and protecting them to the utmost extent of the means within his power.

Counsel General Jernigan has taken a great deal of interest in the recent troubles, and has sent several dispatches to the state department giving information and making suggestions for the protection of Americans. It is the impression among some officials that the consuls, without being fully aware of the situation, have asked for troops from the warships where it would be impracticable for vessels to go.

The state department has not called upon the navy for any ship or force to land and proceed into the interior. Minister Denby has authority to call upon Admiral Carpenter for United States forces, and under his instructions the admiral is bound to furnish them. Both state and navy departments believe that the United States' representatives on the ground, clothed with ample powers, are better able to act for the best than those here in Washington.

Acting Secretary McAdoo said today that he could give Admiral Carpenter no instructions, especially as Minister Denby had not asked that anything be done. As to the suggestion that the admiral should send a force in boats, he said that the minister and admiral were better able to know whether such a course was wise. It might be a sacrifice of men to send them several hundred miles into the interior. The British government had more cause for making a demonstration than the United States government, and yet no English force had been sent to the scene of trouble. Mr. McAdoo said that an order from him to Admiral Carpenter might wholly interfere with plans or operations the commander had in view or under way.

**A JAPANESE CONTENTION.**

It Narrowly Escaped Plunging Us Into an Oriental War.

WASHINGTON, Aug. 10.—In the event of a war between Russia and Japan the United States may find itself an unwilling party, unless the Japanese retreat from a position which they assumed towards the United States during the progress of the last war with China. It is not generally known that just before the declaration of the armistice which preceded the signature of the treaty of peace and issue had grown up between the United States and Japan that threatened to lead to actual hostilities between the two countries, and that a hostile clash was perhaps only averted by the conclusion of the Chinese war.

This issue arose through the assertion by the Japanese authorities of the right of search of American vessels. They insisted that they had the right to board an American vessel, and if they chose to take from her any Chinese or any enemy they might find, even though they were but passengers. Minister Dunn very promptly denied the existence of any such right on the part of a combatant, and a hot correspondence ensued. The Japanese insisted on the right, and even when Mr. Dunn remained them that the United States had gone to war with Great Britain on just this issue, and had forced the abandonment of any claim to such a right, they refused to abate their pretensions one jot, though the minister intimated that the first assertion of such a right would be regarded by the United States as an unfriendly act, and therefore likely to lead to war.

The matter progressed to that perilous state that when Admiral Carpenter was about to escort an American merchant steamship out of a Japanese port, to prevent her detention by the Japanese, the latter, it is said, gave orders to the shore batteries at the mouth of the harbor to fire upon the American naval vessels if they attempted to do so. This fact came out after the conclusion of the armistice, which fortunately occurred at just this point in the negotiations, thereby preventing an incident that would certainly have led to war. The Japanese have steadily clung to the same contention, promising serious trouble in the event of another war in the east.

**Captured by Indian Police.**

CHECOTAH, I. T., Aug. 10.—Rufus Buck, Lucky Bruner, Sam Simpson and Naomi Kud were arrested on Thursday after a desperate battle in the Checotah mountains, near Okmulgee. A few days ago these four, together with Louis Davies, ravished three white women, one of whom has died of her injuries. Davies escaped. Over a hundred men joined in pursuit of these fiends, but their capture was made by the Indian police, assisted by United States deputy marshals. It will require a strong guard to land the prisoners in the Fort Smith (Ark.) jail, as much excitement prevails, and lynching is talked of.

**An Alleged British Backdown.**

ST. JOHN'S, N. F., Aug. 10.—Intelligence from the French shore brings details of an exasperating outrage upon British subjects by an English warship at the instigation of French fishermen. The warship Pelican forced a party of Newfoundland fishermen to leave a fishing harbor on the French shore because the French wanted it. The Newfoundlanders had to abandon the fishery altogether. They will claim indemnity from the imperial government. The people here are very indignant, though they say such backdowns on England's part are of yearly occurrence.

**Horsewhipped the Editors.**

SATANAHA, Aug. 10.—Ebel Carter, an aeronaut making ascents here, invaded the office of The Free Lance, a weekly paper, armed with a cowhide whip, and assaulted the proprietor, William Orr, and his assistant editor, John Donelan. Miss Carter used the whip with such force that she finally broke it. The Free Lance charged that she failed to make an advertised balloon ascension because she was half intoxicated.

**Drowned Before His Father's Eyes.**

BROOKLYN, Aug. 10.—Hugh McKnight, with his son George, 22 years old, and a nephew, Charles H. McKnight, went to Broad Channel, at the head of Jamaica Bay, fishing. The two young men went in swimming, and were seized by the current and carried away, and in their efforts to regain the boat became exhausted and drowned before the father could reach them.

**Holmes Writing His Life History.**

PHILADELPHIA, Aug. 10.—H. H. Holmes is occupying his time in prison by writing a history of his life. It is to be 300 pages in length and will be printed in cloth and paper. It is said that he has already found a publisher and that the story will be out inside of a week. District Attorney Graham said today that he expects important developments within the next few days.

**Will Resign His Judgeship.**

NEW YORK, Aug. 10.—Judge Henry W. Seney, of Kenton, O., who has been in this city recently, decided while here to resign his position as judge of the circuit court and come to New York to practice corporation law. The salary of the judgeship is \$4,000, and Judge Seney thinks there is more money to be made in the practice of his profession.

**Mascot Defeats Hal Pointer.**

BUFFALO, Aug. 10.—In the match race between Mascot and Hal Pointer yesterday Mascot won, though it took him the full five heats. Pointer was clearly tired in the last and dropped his heat by a wide margin. Pointer took the second and third heats. Time, 2:03.20, 1:56.20, 2:00.70.

**Five Hundred Dollars to Rescue Work.**

EASTON, Pa., Aug. 10.—Five hundred roofing slate men in the vicinity of Bangor, who have been idle since August, 1894, will be put to work on Monday. The operators in the slate belt of Northampton and Lehigh counties report an increased demand for their product.

**Dragged to Death by an Elevator.**

NEW HAVEN, Aug. 10.—Frank W. Cayton, janitor of the First National bank, was crushed to death by an elevator. His body was dragged between the elevator and the side of the wall from the sixth to the eighth floor.

**Closed on Account of Low Prices.**

SHAMOKIN, Pa., Aug. 10.—The Royal Oak Mine, operated by Hopkins & Johnson, has been shut down and the employees discharged. The reason given is that during the prevailing low prices for coal it does not pay to run the colliery.

**Killed by a Fenderless Trolley Car.**

WILLIAMSPORT, Pa., Aug. 10.—Florence Verry, the 3-year-old daughter of Edward Verry, was killed by a fenderless trolley car on the East End Electric line, at Washington and Penn streets. Her head was nearly severed from the body.

## DIGGING OUT THE DEAD.

The New York Building Collapse Increases in Horror.

SIXTEEN MEN ARE PROBABLY DEAD

Of These the Bodies of Seven Have Already Been Recovered, While a Gang of Men Are Working Night and Day to Recover the Others.

NEW YORK, Aug. 10.—The body of Augustus Phillips, aged 48 years, a driver, was recovered last night from the collapsed building on Broadway, swelling the list of victims to seven. Soon after 10 o'clock one of the workmen of the gang employed in removing the wreckage uncovered a bent knee. The body was held down by heavy iron girders, and it was midnight before it was removed from the ruins.

The work of clearing away the debris is proceeding day and night without interruption. Ten after ten of the debris was removed. The men started at their work in a systematic way, beginning at the huge pile on the front of the building facing West Third street. May times they came upon clots of blood, and then they renewed their efforts to reach the body from which it flowed. Blood was found to be scattered everywhere, showing the men supposed to be buried beneath the pile of ruins must have been dead before they reached the cellar in their fall. The work was slow, for every inch of the great pile had to be turned over.

When the body of Charles Peterson was taken out Thursday night one foot, the right one, was discovered to have been torn from the body and the other was bare. The foot found yesterday was the one torn from the leg of Peterson, the electrician, and the shoe was torn from the other foot. The foot looked as if it had been torn and not cut from the leg. It is supposed that when the man fell he was struck on the leg by the twisted piece of iron, which bore his foot off in the descent.

The workmen kept steadily at work, but nothing else was found of interest until nearly 7 o'clock. Then a gang of the workmen came upon the legs of a man which were sticking out from under a pile of bricks. The work was concentrated on this spot, and after a half hour's work the body was lifted to the surface and taken to the street. It was horribly mangled and every bone broken. The face was so cut and swollen that it was almost beyond recognition. Although several persons who claimed to have missing relatives under the wreck looked at it, none of them recognized the man as anybody belonging to them. The man was evidently a plasterer. The body was taken to the morgue, where it was identified as that of Michael Savage.

It is now evident that the men named in the list of missing probably lost their lives, especially as only one of them has been accounted for. The contractor, T. P. Galligan, said that, judging from the present aspect of things, it would be at least several days before the debris was turned over.

The revised list of the dead and missing thus far is as follows:

Dead—John Burke, plasterer, Brooklyn; Claus Peterson, electrician, New York; Charles Smith, electrician, New York; Michael Savage, plasterer, Brooklyn; Michael Flynn, laborer, New York; Michael O'Hara, laborer, Brooklyn; Augustus Phillips, driver, New York. Missing—Patrick Cusita, laborer, Brooklyn; Patrick Conlin, plasterer, Brooklyn; James Connor, New York; Edward Hanley, plasterer, Brooklyn; John Murphy, laborer, Brooklyn; Christopher O'Rourke, Brooklyn; Augustus Phillips, New York; George Smith, iron worker, New York; William Hayes, Brooklyn.

**English Crop Statistics.**

LONDON, Aug. 9.—The Times publishes a report of the estimated conditions of the crops on Aug. 1. Taking 100 as a normal standard, wheat is placed at 73; barley, 36; oats, 50; potatoes, 65; beans, peas and roots, 75; grass and hops, 74.

## PRESIDENT OF PERU.

NICOLAS DE PIEROLA CALLED THE NAPOLEON OF SOUTH AMERICA.

Ambitions and Achievements of the Man Who Stands For the Third Time at the Head of the Republic—Idolized by the Mountaineers.

"The Napoleon of South America" is what his admirers term Nicolas de Pierola, who, for the third time, is now at the head of the Peruvian government. They use this title in speaking of him because of his dreams and ambitions as much as because of his achievements. Since he was but a young man he has had visions of the time when all the republics of the western coast of South America should be controlled by one government with himself at its head. It was some time late in 1879 that Pierola came to the front. President Prado had surreptitiously left the country practically a defaulter to the state, and Peru, then in trouble with Chile over the nitrate beds, was ripe for revolution.

On the morning of President Prado's departure Pierola was but a subofficer connected with the war department. During the day his name was passed from lip to lip, and by midnight it had become a rallying cry for 100,000 men. The government's cabinet officers had

NICOLAS DE PIEROLA.

issued a proclamation to the effect that they would conduct the government until a new president could be elected, but the thousands who had become electrified by the magnetic name of Pierola had decided not to wait for the president, but to put their new idol at the head of affairs without delay.

Before morning there had been a collision between Pierola's adherents and a body of loyal troops. The loyalists were defeated and the entire city, with the exception of the palace wherein the ministry was intrenched, was in the hands of the revolutionists. Next day the city of Callao declared for Pierola, and so did the ships in the harbor. Before three days had rolled away the ministry had yielded, and Pierola was declared dictator of Peru. Then came the war with Chile, resulting in Peruvian defeat and the sweeping of Pierola and his adherents from control. For years after that he was an exile. Later he returned at the head of an army of enthusiastic adherents and was again made the chief executive. This time he was dominant for even a shorter period than before, being again sent into exile, disgraced and discredited.

Three or four months ago he struck for supreme power again and won. For more than three years he had been at work in the Peruvian highlands organizing an army of mountaineers, and so well did he do his work that when his men met the regular troops in a brief engagement, news of which was cabled to North America at the time, the regulars, though numbering twice as many as the insurgents, were easily defeated, and Pierola marched to the palace over the bodies of 1,200 slain.

So far as his power for organization and his personal magnetism are concerned Pierola is the sort of man to whom the title "The Napoleon of South America" may be fittingly applied. But he has not yet achieved anything Napoleonic in the way of conquest outside his own country, doubtless because he has never yet had all the people of Peru at his back. He has thrice defeated his opponents in military contest, it is true, but he has never had a majority of votes and he has never had the conservative elements of the Peruvian body politic with him either.

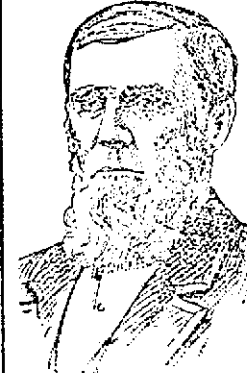

Nicolas de Pierola is said to be a charming man and to make friends as fast as he makes acquaintances. Every time that he has been in power he has made the beginnings of a broader policy than any adopted by his predecessors in the presidential chair, but every time his broadened policy has been neutralized by opposing factions of men who claimed his sweeping pronouncements to be really evidences of a mind unbalanced by success at arms and filled with chimerical schemes. It is true, indeed, that he is, first of all, a military man, and that while he has shown what may be termed positive genius for the organization of an army and the conduct of a quick, decisive campaign he has never yet demonstrated his ability to carry forward the affairs of civil government satisfactorily. His friends claim that this is true only because he has never yet had proper opportunity, and that if he can but maintain himself long enough to secure that opportunity he will now be able to prove his abilities as chief executive as thoroughly and conclusively as he has already proved his military power.

With the mountaineers of Peru Pierola is popular almost beyond belief. Nothing has ever happened to lessen their love for him or shake their confidence in his integrity and his ability. They are by all odds the best fighters in Peru, and who has not their adherence cannot hope to win in Peruvian civil war.

## CONGRESS OF GEOGRAPHERS.

Representatives From All Over the World Will Gather in London.

The sixth international geographical congress will soon be held in London, and the programme gives assurance of an event of unusual interest and consequent advance in geographical knowledge.

JUSTICE DALY.

The congress is under the patronage of the queen of England and the Prince of Wales, and among the honorary presidents are the king of the Belgians and the Duke of York, who is the honorary president of the Royal Geographical society. The president of the congress is Clements L. Markham, president of the Royal Geographical society.

The American Geographical society will be ably represented by its president, ex-Chief Justice Charles P. Daly of New York, who is one of the vice presidents of the congress, and Professor William Libbey, Jr., of Princeton college, the foreign correspondent of this society. Justice Daly will be accompanied by Paul du Chaillet, the African explorer.

It is expected that there will be a large representation in the congress from all the European countries, and a number from Asia. As it is held in the vacation period, there will be present many professors from the leading colleges and universities. The headquarters of the congress will be the house of the Royal Geographical society, Saville row, Burlington Gardens, and the society offers to all members the privilege of fellows during their stay in London.

Justice Daly, America's chief representative in the congress, has not only attained eminence as a jurist, but has also become prominent in the line of geographical research. His fondness for geography is doubtless due to early experiences, when, for a number of years, he was a sailor. Judge Daly served for 40 years as judge of the common pleas court in New York and recently retired from the bench by reason of the age limit.

## In the Past Tense.

"Say, mister," he called, with his head in the door of a Michigan avenue grocery, "do you own a horse?"

"Yes; I own a horse," replied the grocer as he looked up from his paper.

"And a wagon?"

"Yes; what of it?"

"Nuthin," "cept you are mistaken about the wagon," drawled the boy.

"Your horse took a skate down the street about five minits ago, and there hain't 'nuff of that there wagon left to make a club of."—Detroit Free Press.

## Egyptian Superstition.

The Egyptian shopkeeper had a deity to whom he offered sacrifice every morning, and whose duty it was in return for this reverence to stand in front of the shop during the day a sort of celestial "barker" and direct the attention of the people passing by to the shop and its contents.

True worth is as inevitably discovered by the facial expression as its opposite is sure to be clearly represented there. The human face is nature's tablet. The truth is certainly written thereon.—Lafater.

Turkistan was originally the stan, or land, of the Turks.

## A Symptom.

He staggered to the door. "Your refusal," he gasped, "will drive me insane." She laughed mockingly. At the moment she treated his words lightly, but when upon the following day she saw him abroad wearing a pink shirt she was startled and bethought her of his fateful remark.—Detroit Tribune.

A man may do very well with a very little knowledge, and scarce he found out, in mixed company; everybody is so much more ready to produce his own than to call for a display of your acquisitions.—Lamb.

# Narcoti-Cure

**Cures the Tobacco Habit in 4 to 10 Days or Money Refunded.**

Use All the Tobacco You Want Till Your "Craving" is Gone.

NARCOTI-CURE is the only remedy in the world that acts directly on the nerves and drives the nicotine from the system in from four to ten days. It leaves the patient in better health than before taking, and is warranted free from any injurious ingredients.

NARCOTI-CURE is popular because it allows the patient to use all the tobacco he wants while under treatment, or until the "craving" and "hankering" are gone. It is then no sacrifice to throw away tobacco forever.

NARCOTI-CURE is sold at the uniform price of \$5 a bottle, and one bottle cures.

Money refunded if a cure is not effected when taken according to directions.

PROF. W. N. WHITE, of Amherst, Mass., Chewed Tobacco for 46 Years, and Was Cured by Narcoti-Cure.

If your druggist is unable to give you full particulars about Narcoti-Cure, send to us for a Book of Particulars free, or send \$5.00 for a bottle by mail.

Amherst, Mass., Feb. 8, 1895.

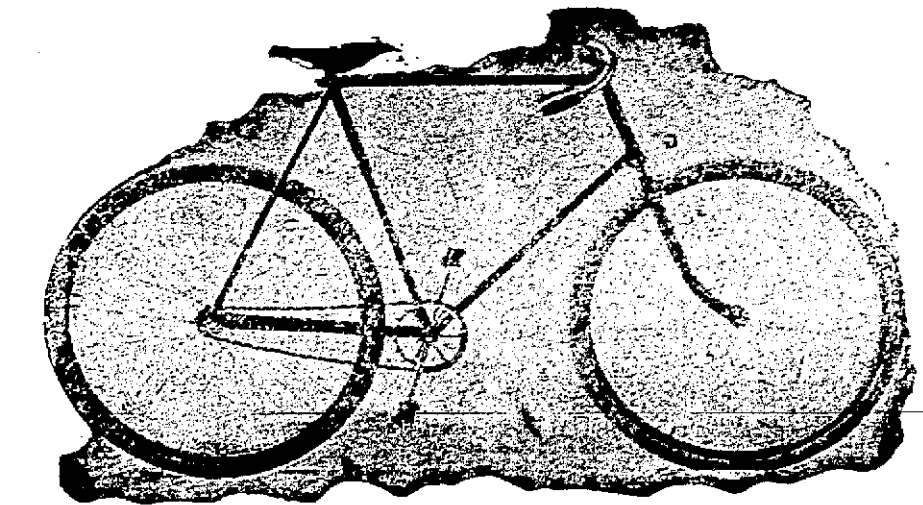

THE NARCOTI-CHEMICAL CO., Springfield, Mass.

Gentlemen:—Replying to yours of the 1st, would say that I have used tobacco for 46 years, and of late have consumed a 10 cent plug a day, besides smoking considerably. I commenced to use tobacco when I was only 11 years old, and have never been able to give up the habit until I took Narcoti-Cure, although I have tried other so called remedies without effect. After using your remedy four days, all "hankering" for chewing disappeared, and in four days more smoking became unpleasant. I have no further desire for the weed, and experienced no bad effects whatever. I am gaining in flesh, and feel better than I have for a long time. To all who wish to be free from the tobacco habit I would say, use Narcoti-Cure. Yours truly, W. N. WHITE.

—The team from the Hoffman House, at White Lake, ran away in Monticello, Saturday, and Charles Disceoll was thrown out and had a leg broken.

—F. B. Hulce has sold his Thompsonville property, consisting of the grist-mill and store house and house and lot, and farm near the village, to Mr. J. Johnston, of Brooklyn.

—Nellie, the ten-year-old daughter of James Griscoli, of New York, who is spending the summer at Peter Reddington's, Liberty Falls, while riding in a wagon, a few days ago, caught her foot in the wheel and her thigh bone was broken.

—Peter Millspaugh, driver of the Hotel Wawonda, at Liberty, lost one of his horses, Tuesday night, and Wednesday the guests at the hotel raised money and bought another horse equally as good, which they presented to Mr. Millspaugh.

—The Wild Engineering Co., which has the contract for Monticello's water works, having failed, work was stopped for a few days. The trustees of Monticello then had Mr. Wild assign his contract to Hugh Reilly, a competing bidder, and he has made all arrangements for the vigorous prosecution of the contract.

—Jacob Winand, of Falls Mills, caused the arrest of his wife, a few days ago, on a charge of breaking the peace. It seems she had been mutilating fruit trees, tearing paper from the walls, threatening to burn the house and barn and raising the Old Harry generally. She admitted having had tantrums, but said she didn't mean any harm. She was unable to furnish \$200 bonds to keep the peace and was sent to jail. Not very long ago Mrs. Winand charged her husband with having made her sit on a red hot stove and had him put under bonds for his good behavior.

MURDERED BY SAILORS.

The Four Murderers, Probably Burned with a Stolen Vessel.

PHILADELPHIA, Aug. 19.—Captain Sprout, of the British steamship Capoe, who on Thursday night landed the survivors of the Prince Oscar disaster, had another startling story to tell last night. It concerned the alleged murder of Captain Peter Steger, of the American bark Edward Skinner, by four unknown seamen, near a South American port. The supposed murderers escaped on a stolen vessel, and, it is believed, perished in a fire which destroyed the ship near Rio Janeiro.

The Skinner put in at Topmost, a small port on the western coast of Peru, on the night of June 28. The following day Captain Steger landed and met other visiting mariners, who were from American, English, Spanish and Norwegian barks.

A number of these seamen, it was observed, paid much attention to Captain Steger, and when, a day or two later a hunting trip for seals was proposed to Lake Hoz, near Junin, he readily agreed to go.

A party including Captain Steger and four seamen, whose names are not known, left on July 1 for the lake. Three of the men belonged to the American bark John Crapo. After an absence of three days the four men returned without Steger, and professed ignorance of his whereabouts. Subsequently, however, one of the men, while under the influence of a narcotic, said that Captain Steger had fallen overboard into Lake Hoz, and was drowned. This did not satisfy the missing captain's crew, and a searching party was organized. After much difficulty they discovered Steger's mutilated body in a clump of brushwood.

It was apparent that he had been murdered, and a hasty return was made to capture the guilty men. They were too late, for upon their return it was learned that the four men had seized the Crapo the night before and put to sea. The master of the Crapo was obliged to embark on another vessel for a more extreme southern port, and when near Rio Janeiro the charred hull of the Crapo was discovered in the ocean. It had been burned to the water's edge, either by accident or design, but there were no signs of life, and it is firmly believed that the fugitives perished in the fire.

The Atlanta Bull Fight.

ATLANTA, Aug. 19.—President Collier, of the Cotton States and International exposition, in response to a request for a statement about the bull fight which has caused so much agitation of late, said: "The performance will take place within an enclosure, which no one can enter without the payment of an admission fee, and it will only be seen by those who care to pay for the privilege. There is nothing worse in the bull fight under the conditions in which it will be presented than the thrilling scenes of Buffalo Bill's Wild West show."

A Protest Against Minister Denby.

SHANGHAI, Aug. 19.—The Americans here have sent a cable dispatch to President Cleveland protesting against United States Minister Denby's action in consenting that the British consul should represent America in the Sze Chuen inquiry. They recommend a reconstruction of the commission by sending an American official of adequate rank and the exclusion of implicated Chinese officials. They also recommend that a marine escort accompany the commission.

A Determined Suicide.

ZANEVILLE O. Aug. 19.—Jacob Gigax, a prominent and wealthy citizen of this city committed suicide in a horrible manner. He went to the Cincinnati and Moshing in railroad depot where he got down on his hands and knees and placed his neck against the rail in front of a rapidly approaching train, and was decapitated in the presence of many people. Mr. Gigax was a well-to-do man and had suffered from poor health for a long time.

The Cost of Incendiarism.

MONTREAL, Aug. 19.—Towards the close of the police court investigation of the case of the firebug Charles Jenkins and Harry Haynes, the former stated that at least for the burning of Ford, Gules & Co.'s warehouse was \$1200—5 per cent of the insurance and 5 per cent on the lapse of the lease of eighteen months' warehouse rent.

An Old Woman Murders Assailed.

PATON, Pa. Aug. 19.—An old woman, aged 80 years, was charged with the murder of her husband. The case is being tried in the local court. The woman is charged with poisoning her husband with arsenic. The case is being tried in the local court.

Killed by a Cave in.

READING, Pa. Aug. 19.—Thomas Hartley and Edward Smith, both of Reading, were killed by a cave in while working on a railway. The cave in occurred while they were working on a railway. The cave in occurred while they were working on a railway.

His Life for Another.

STONEY LANE, N. Y. Aug. 19.—In saving the life of a woman who was in front of a saw mill at Stony Lane, a New York Central train was struck and instantly wrecked. The train was struck and instantly wrecked. The train was struck and instantly wrecked.

PUBLISHER.

GEORGE H. THOMPSON, EDITOR.  
C. MACARDILL, JR., CITY EDITOR.  
A. E. ROBINSON, BUSINESS MANAGER.

SATURDAY, AUGUST 10, 1895.

The Democratic State Committee will meet in New York, Aug. 15th, to fix the time and place for holding the State convention.

Kentucky distillers are talking of shutting down for a year, saying that the stock of whiskey on hand is sufficient to last five years. The condition is, however, not due to decreased consumption but to increased production.

Queens county, on Long Island, claims to have more good roads than any other county in the State. At an expense of over \$2,000,000, 150 miles of highway have been macadamized, the county paying half the cost and the towns the other half. The expense of keeping the roads in repair is insignificant, and as a result of the improvement real estate on the lines of the stone roadways is said to be in better demand at increased prices.

A bold thief, with a well developed sense of humor, who was recently discharged from the Weathersfield, Conn., State prison, returned to that institution, Thursday night, and getting inside the prison yard broke into the barn and stole the Warden's fine team, a surrey and other property worth \$1,000. A note addressed to the Warden informed him that "in memory of favors received while in his care" he would find his team in West Springfield. It also advised him "if he wanted to keep things in his back yard to build a higher fence."

Henry Clews, writing of the business situation in his *Financial Review*, says: "In the industries at large, there is no abatement of the sanguine expectations that have developed within the last six months. The rise in raw materials and the continuance of the remarkable recovery in wages from the decline of 1893 and 1894, shows conclusively that manufacturers are anticipating a material increase of consumption; and it is to be presumed that their expectations are based upon facts existing in the conditions of trade."

The business of the Post Office Department is a sure barometer of the business condition of the country and the increased receipts of the Department for the quarter ending July 31 show how steadily the trade wind of prosperity is blowing. The receipts of the twenty largest offices were, for the quarter, \$6,794,000 an increase of \$499,000 or 7 1/2 per cent. over the corresponding quarter of 1894. The largest actual and proportionate increases were shown by the post offices of New York and Chicago, the business centers of the country.

The Barbour Flax-Spinning Company, at Paterson, N. J., is about to build an addition 256x25 feet to its Grand street mill. During the tariff struggle in Congress, the officers of this company repeatedly declared that in the event of such a change in the present tariff becoming law, they would close their Paterson mills and do all their manufacturing in Belfast, Ireland. Well, they still manufacture in Paterson, and to meet the demands of their growing business they are compelled to enlarge their works.

## AMERICAN CITIZENS PROTEST.

Indignant at Indifference of the American Minister to China—Admiral Carpenter Ordered to Distribute His Vessels.

WASHINGTON, Aug. 10.—A protest from the American residents of Shanghai to the President, against the indifference of the American Minister to American interests and against authorizing the English Consul to act for the United States on the commission of inquiry into the Ku Chung massacre, was received at the State Department from Gray Gables, to-day.

As a result, Admiral Carpenter, who is now in Chinese waters, has been cabled to distribute the vessels of his command so as to afford all the protection possible to Americans in danger.

## TWO KILLED MANY INJURED BY LIGHTNING.

NEVADO, Mo., Aug. 10.—Lightning struck a mill here, yesterday, badly damaging it. Two workmen were fatally hurt and three seriously injured by a stroke and others were stunned.

## IN COLLISION WITH AN ICEBERG.

GIBRALTER, Aug. 10.—The Anchor Line steamer Victoria, from New York, has arrived with her bow damaged, the result of a collision with an iceberg.

## A HORSE THIEF ARRESTED.

NEWBURGH, Aug. 10.—Edward Mason was arrested at Greycourt, to-day, charged with stealing a horse and buggy at Stamford, Conn. He traded the rig in Newburgh.

## THE DEFENDER ALL RIGHT.

NEWPORT, Aug. 10.—It is believed the Defender was not injured by grounding, yesterday. She will take a spin this afternoon to test her sails. She will be docked for examination.

## A PROGRESSIVE EUCHE PARTY.

Many Middletowners Pleasantly Entertained at Mr. and Mrs. Horton's in Goshen.

Mr. and Mrs. G. B. Horton entertained a party of friends, many of them from this city, at their summer residence, at Goshen, last evening. Progressive euchre was played during the earlier hours of the evening. Mrs. Geo. H. Decker won the first prize for ladies and Mrs. R. G. Sliter the second. Mr. U. T. Hayes was the successful first prize winner for gentlemen, and Mayor W. K. Stansbury won the second prize.

Refreshments were served and a most enjoyable evening was spent. The party returned to this city by a special car on the electric road.

## The Sale of an Insurance Business.

E. S. Merrill, Esq., finding that his law business requires all his attention, has sold his fire, life and accident insurance business to Mr. M. L. Milligan, who will open offices in the Central Building, North street. Mr. Milligan was a clerk in Roadmaster Dick's office at the Wickham avenue station for several years, and for the past two months has been telegraph operator at Apex. He has many friends and acquaintances and being a young man of push and energy will no doubt largely increase the business that has come into his possession.

## Where Cows Are a Mark for Lightning.

The killing of two cows on the farm of Mr. A. G. Sands, near Bullville, Tuesday, has directed attention to the rather singular coincidence that, last year, two cows were killed in the same way on the adjoining farm of a Mr. Reynolds, and that the year before that lightning knocked out two cows on the farm of Mr. W. H. McGowan, which adjoins that of Mr. Reynolds.

## It is Known By Its Cures

It is not what we say, but what Hood's Sarsaparilla does, that tells the story of its merit.

The thousands of people whom it has raised from disease and despair to happiness and health, are the strongest and best advertisements Hood's Sarsaparilla has. No other preparation in existence has such a record of wonderful cures. This is why Hood's Sarsaparilla has the largest sale, and requires for its production the largest laboratory in the world. Now if you need a good medicine, why not try that which has done others so much good. Remember

## PUBLIC VOICE.

## Dr. Sweezy Makes a Statement in regard to His Hypodermic Case.

EDITORS ARGUS:—In your reference to the case of Sweezy vs. McBair in last evening's edition of the ARGUS, it is stated that the action was brought to restrain Dr. McBair from using the preparation known as "hypodermic" and from advertising the use of same by him. This is a gross misstatement of fact, which I trust you will correct by the insertion of this letter in to-day's issue of your paper. The action was brought to restrain Dr. McBair from using or advertising the word "Hypodermic," my trade mark.

I desire to add that Dr. McBair never had but one bottle of the genuine article, and I'll take good care that he doesn't get any more. The bottle of my preparation obtained by him by artifice a year ago last March would have assisted in the extraction without pain of only about fifty teeth, and is therefore long since exhausted. I compounded the preparation, attached the word "Hypodermic" to the same as a "trade mark," and am the only person in Middletown entitled to use the trade mark "Hypodermic" in the business of the extraction of teeth.

The case referred to will be carried to the Court of Appeals.

Respectfully yours, ARTHUR W. SWEETZ.

## ORDERED OUT OF TOWN.

## A Tramp Imposes on the Generosity of His Benefactor.

A tramp named Casey, representing himself to be a locomotive fireman out of work, arrived in town, last evening. Mr. George Hopkins took compassion on him and paid for his supper at Roe's restaurant. Casey took advantage of Mr. Hopkins' generosity and ordered his meals, to-day, and had them charged to his benefactor.

He was arrested, this afternoon, and on Mr. Hopkins' suggestion was given five minutes to get out of town. He got out within the required time.

## Marching to the State Camp.

Forty members of Co. A, 7th Regiment, N. G. N. J., left Trenton, this morning, to march to the State Camp at Sea Girt. They will reach camp Monday afternoon. The Regimental Surgeon, ambulance corps and hospital steward will accompany the marchers,—a very wise precaution in view of the heat and humidity.

## A Big Deficiency Judgment.

A judgment for \$428,000, for deficiency, has been entered in the Ulster County Clerk's office against the Sheffield Manufacturing Company, of Saugerties. The property was bid in recently by the bondholders at foreclosure sale and is now being operated in their interest by a receiver.

## A Horse Made Dead by Lightning.

From the *Deerfield Independent*. Lightning struck the barn of Mr. Calvin Tins, near Quarryville, on Tuesday night, during the storm, and tore away some of the cowpokes in the cow stables and affected one of his horses so that it has since been dead. It was a valuable horse, and the injury should it prove permanent, is quite serious.

Cholera Mortus is a dangerous complaint, and often is fatal in its results. To avoid this you should use DeWitt's Colic & Cholera Cure, as soon as the first symptoms appear. W. D. Olney.

## NOTICE TO CONSUMERS

IN

Regard to Hose Attachments

Notice is hereby given that the following rules and regulations will in all cases be strictly enforced in regard to the use of water for sprinkling purposes:

The firemen shall be used only before 8 o'clock a. m. or after 4 o'clock p. m.

Street sprinklers must not be used to exceed four hours per day, and not sprinkle beyond the limits of the premises paying for them, and must not be permitted to waste or leak, or be converted into jets or to be used for washing down the collections of the gutters upon the neighboring premises, or used to flood the streets, but merely to sprinkle them.

The hose used for sprinkling must have an inside diameter of not exceeding three quarters of an inch, and the nozzle shall have an orifice not exceeding one quarter of an inch; the use of leaks or defective hose is prohibited.

Sprinkling with hose will be allowed only from May 1st to November 1st, and not to exceed four hours each day.

Fountain sprinklers or hose attachments set up as jets, or kept running, except as hereinbefore and hereinafter specified, are prohibited.

A violation of any of the foregoing provisions will subject the owner or occupant of the premises to a penalty of \$5 for each offense.

Your Ice Cream—is its flavoring pure?

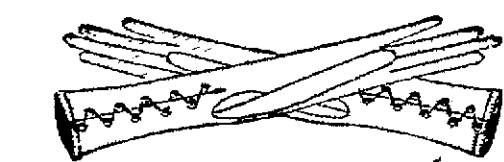

Of all flavors PURE Vanilla is best suited for a cultured palate or a delicate stomach.

If you buy Vanilla Ice Cream insist upon PURE Vanilla. We are large manufacturers of this Extract, and we want everyone to know a pure vanilla flavor when he tastes it.

When you drink our Vanilla Ice Cream Soda Water, notice the delicacy yet clearness of the flavor. That's PURE Vanilla of the highest type. Then when you drink it elsewhere, notice the difference. If different, it's adulterated. Some ice cream makers, from a mistaken idea of economy, use adulterated Extract Vanilla.

We offer pure Extract Vanilla at a fair price to everyone—the quantity required (a small teaspoonful to a quart of ice cream—no more) makes it true economy to use our Premium Extract Vanilla. What do you use? What does your ice cream maker use?

**A VALUABLE COG SHOT.**

**Mistaken for a Chicken Killing Animal and Killed on Sight.**

This morning, Mr. Stephen Wolf took a walk over the Houston farm accompanied by the fine bird dog "Rover," which has so often been seen about town with Rev. David Evans, and when near the farm house saw the man in charge of the farm deliberately shoot the dog.

The farmer later expressed his regret, and explained that a dog resembling this one had been killing his chickens, and when his sister pointed it out as the culprit he shot it without further inquiry.

The dog was a valuable animal, Mr. Wolf having refused an offer of \$50 for it only last week. Besides, the family was much attached to it and was sorry to lose it.

**HIGHLAND LAKE CAMPERS VACATE.**

Notified to Decamp by the Superintendent and Being Ready to Go They Went.

Superintendent Isaac F. Van Duzer called at "City Island Camp" at Highland Lake, yesterday afternoon, and served a notice on the campers to "decamp." As the campers had intended to leave, to-day, there were no hard feelings or cross words between them and the superintendent, and the island was deserted to-day at noon. A most enjoyable week was spent, but it was a poor time for fishing and very few fish were taken from the lake.

Yesterday the campers were visited by several parties of their Middletown friends.

**The Farmers' Outing Day.**

The annual outing of the Wallkill Valley Farmers' Association will be held Wednesday, August 21st, on "Woodlawn Farm," of Mr. Cyrus A. Bowne, and in the grove adjacent, on the place of Samuel H. Knapp, near Walden.

**INCIDENTS AND HAPPENINGS IN GOSHEN.**

**Port Jervis Ball Players Easily Beaten.**  
—Prayer Meeting Topics—A Card Party—A Painful Accident—Will Furnish Telephone Poles—Sunday Services—On a Fishing Trip—Personal Notes.

From Our Regular Correspondent.

The undefeated Goshen Athletics succeeded in adding another victory to their long string, by defeating the Port Jervis club on the Goshen Driving Park, yesterday afternoon, before a good sized crowd of spectators. The game abounded in brilliant plays on both sides, and Danny Kieran distinguished himself by knocking two three-baggers across the track. The score was 23 to 15. The Goshen club stands ready to defend the championship of Orange county and will play any club composed of local players. Cnas. Landy made a number of difficult, one-handed catches on third base, and Henry Miller caught an excellent game.

—Miss Carrie Paterson, of Port Jervis, is visiting her friend, Miss Carrie Kniffin.

—Mr. Floyd Halstead, of Unionville, will resume the study of law in the law office of Mr. J. W. Gott.

—The prayer meeting topics for to-morrow are as follows: Epworth League—"What is Christ to us?" Gal. 3:26-29; Miss Higgins, leader.

Y. P. S. C. E.—"Christ, the great physician," Mark 2:1-17 (a missionary topic); Miss Azelia M. Speir, leader.

—The Misses Horton entertained a number of their friends at a card party at their handsome residence, corner of Church street and Murray avenue, last evening.

—Miss Fannie Crane met with a painful accident, yesterday, at her residence, on Greenwich street. She fell down the cellar stairs and broke two bones in one of her wrists. Dr. Robinson was called and dressed her injuries and she is improving nicely.

—Mr. W. F. Merritt has secured the contract for furnishing the poles to be used by the Orange County Telephone Company in the city of Middletown.

—Rev. W. H. Hudnut, of Brooklyn, formerly of Port Jervis, will preach in the Presbyterian Church, to-morrow.

—Rev. S. F. White and family have returned from their trip to Westchester county, and he will preach at the M. E. Church, to-morrow, as usual.

—Mr. Arthur C. Mead, of Passaic, N. J., is visiting relatives in town.

—A party composed of Messrs. Frank Drake and J. E. Landy, of this village; Fred. and Will Coleman, of New York city; Robert and John McGill, of Jersey City, and Drs. Edsall and Cummins, of Warwick, started, to-day, for Sullivan county, on a two weeks' fishing trip.

—Miss Julia Grier will take J. E. Landy's place in Mr. Bedell's law office, during his vacation.

—Miss Ellen G. Manion, of Port Jervis, and sister, Miss Kate, of Port Richmond, S. I., are visiting the Misses Cohlsen, near this village.

**IN ANCIENT GOSHEN.**

**A Good Use for a Giantess—A Few Reflections Concerning Primalval Animals.**

From a Special Correspondent.

Evidently in Missouri the people know a good thing when they see it and also know how to make use of it, for we read that in a certain town in that State there is a woman eight feet high and weighing 235 pounds, whom they send around with an offertory basin in one of the churches every Sunday. This must insure a large weekly collection, for few people would care to refuse a woman eight feet high almost anything for which she chose to ask. She must necessarily have much stronger persuasive powers than the majority of her sex.

—What a fortunate thing it is that large people and large animals are pretty generally good natured. For the sake of our primalval ancestors it is to be hoped that the animals of their day were of a kindly disposition, otherwise they must have taken their walks abroad in fear and trepidation. Perhaps the new woman will not mind cows or even mice, but there are many still extant who object to both, and none such can think of their far removed great-grandmothers goggling out for a stroll with the possibility in their minds that they might meet with a mastodon or iguanodon or ichthyosaurus or some trifle of that kind, or coming home to find a pterodactyl building its nest in a tree in the front yard, without a thrill of sympathy for those somewhat remote relatives. On the whole, to the writer, the thoughts of the existence of all those enormous creatures goes farther to prove that we really are the descendants of apes than any theory she has ever read. For surely, it could only be something that could climb a tree with much agility that would have ventured out at all in those days. Just fancy great, great, great, great, great, great-grandmammas skipping briskly up to the top of some tall oak and, from behind the shelter of its clustering leaves and branches, grinning and chattering and making grimaces at some great clumsy mastodon as it lumbered slowly along beneath her.

what satisfaction it must have given her. It was very undignified conduct on the part of great, great, great, great, great, great-grandmammas but doubtless manners were more natural and artless in those days than they are in the nineteenth century. Even with all her agility, however, she must have received some severe shocks, and perhaps the weak nerves with which some of her descendants are troubled may be directly traceable to some of her exciting adventures.

**HYMENEAL.**

Larkin-Stewart.

Mr. Patrick H. Larkin, clerk at the Madison House, surprised his friends a day or two ago by bringing to the hotel a lady whom he introduced as Mrs. Larkin. Only one or two persons in town, outside of the hotel, were aware that he had taken unto himself a wife, and these kept his secret until to-day.

The marriage took place in St. James' Church, in N-w York, city, on May 28th, Rev. Father Flynn celebrating the nuptial mass.

The bride was Miss Annie Stewart, a most estimable lady, a former resident of Port Jervis, who, as well as her husband, has many friends in this city.

The happy couple will make their home for the present at the Madison. The Argus extends congratulations and best wishes.

**EAST MAIN STREET WIDENING.**

The Mayor Abandons His Plan and Is Now Ready to Consent to Anything That Will Please Everybody Else.

The East Main street matter is still in an unsettled state. The Mayor's proposition to give the street a uniform width of thirty-two feet having met with such opposition on the part of those who would be required to give up a portion of their lots, has been abandoned and His Honor has given notice that he is ready to sign any petition that will meet the approbation of all the property owners.

It is altogether probable that this concession on the part of the Mayor will result in a thirty foot street with some changes from the lines originally proposed which will work as little harm as possible to those who must give up a portion of their properties.

**WANTS TO BE PAVEMENT INSPECTOR**

An Opportunity to Secure a Practical Man for the East Main Street Job

Mr. James W. Phillips, a property holder on East Main street, is an applicant for the position of inspector of the proposed paving on that street. His petition for appointment has received the signatures of most of the interested parties, which should give it great weight. In addition to this, however, he is a practical man, having had large experience in such work in Washington, D. C., where he resided several years.

Men competent to fill such a position cannot always be found and all other considerations should be laid aside when an opportunity to secure such an one offers.

**Busy Times in the Iron Trade.**

A representative of the Traction Company, who went to Paterson, a day or two ago, to place an order with the Passaic rolling mill for the bridge over the Erie tracks at the Summit, found that the mill could not fill the order in a year, the orders now on hand being equal to the great establishment's fullest capacity for over twelve months. Democratic times are certainly revivifying the iron business.

## NEW PLAN OF ERIE REORGANIZATION

Outlined by J. P. Morgan & Co.—A Heavy Assessment on the Stock and a Scaling Down of the Interest on Bonds.

Circulars outlining the new plan of reorganization of the New York, Lake Erie and Western Railroad were issued, yesterday, by J. P. Morgan & Co. to those who are interested in the underwriting of the scheme. Associated with Morgan & Co. in the active preparation of the plan are Gen. Louis Fitzgerald, A. J. Thomas and C. H. Corter.

The common stock will be assessed about \$12 a share and the preferred may be assessed \$8, although the latter is likely to be increased. Upon the stockholders will fall the burden of raising enough to pay off the floating debt, which is now about \$11,000,000.

The present intention is to treat the stockholders as those of the New York and New England Railroad were treated—namely, to allow them no bonus for the assessment, the assumption being that they have little or no equity in the property.

A new consolidated mortgage bearing four per cent. interest will be issued, with which to take up all of the junior issues of bonds. This mortgage will cover the entire property, subject only to the outstanding first mortgage bonds. This will call for the scaling of the present six per cent. second consolidated and second consolidated funded coupon bonds, amounting to about \$93,000,000, as well as the \$4,000,000 funded coupon bonds of 1885.

It is understood that in exchanging the present bonds for the new ones the bondholders will have to accept a certain percentage of their present holdings in preferred stock. It is estimated that this arrangement will make the new consolidated bonds worth about ninety, and it is reported that they will be underwritten for nearly that amount.

The new capital stock will probably be in the neighborhood of \$100,000,000. The present issue is \$76,927,000 common and \$8,156,400 preferred, a total of \$85,083,400 outstanding.

The new mortgage will provide for additional bonds for working capital and for future improvements.

## IN WOMAN'S ATTIRE.

A Young Man Who Had Been a Chambermaid at Mountain Dale Arrested in New York.

A young man dressed in a very stylish female attire was arrested in Central Park, New York, yesterday. He told a remarkable story when arraigned. He said he had been brought up as a girl until he was eighteen years of age. For three years he had held a position as lady's maid for a wealthy family in Boston, but left on account of a quarrel.

He found employment as a chambermaid in a summer boarding house, at Mountain Dale, Sullivan county, but left a few days ago because the air did not agree with him. At one time in Hartford, Conn., he assumed male attire and was arrested for masquerading in male attire, so feminine are his features and voice. He was held for further examination.

Renowned Changes Among State Hospital Doctors.

From the Poughkeepsie News-Press. It is said that Dr. E. J. Courtney, first assistant of the Hudson River State Hospital, is to succeed Dr. Kellogg as superintendent of the Willard State Hospital at Ovid. Dr. Bamford may succeed Dr. Courtney at the Poughkeepsie institution.

Liberal Patrons of the Goats and Razzle Dazzle.

The razzle dazzle and the goats and ponies seem to have struck the colored excursionists at Midway, Thursday, very favorably, for on that day Mr. Gillett and Mr. Risenbary did the biggest business of the season.

Funeral of Conductor Egan at Warwick.

The body of D. R. Egan, formerly a conductor on the Erie's Eastern Division, who was killed, Saturday, at Pekin, Ill., was buried at Warwick, Thursday. He was about fifty years old and is survived by his wife, whose maiden name was Everett.

Suspicion of Foul Play.

The body of a male child, apparently two months old, was found, yesterday, wedged so tightly in the timbers of the ferry slip, in Newburgh, that it was necessary to remove the timbers to get it out. The body was nude and foul play is hinted at.

The Arden Stone Crusher Shut Down.

The Erie's stone crusher at Arden has shut down indefinitely, and a large number of men is thrown out of employment.

Why Not Your?

When thousands of people are taking Hood's Sarsaparilla to overcome the weakness and languor which are so common at this season, why are not you doing the same? When you know that Hood's Sarsaparilla has power to cure rheumatism, dyspepsia, and all diseases caused by impure blood, why do you continue to suffer? Hood's cures others, why not you?

HOOD'S PILLS are prompt and efficient. 25c.

## MOTHERS' CARE

Ceaseless Vigilance During August Heat.

Cholera Infantum Takes on a Deadlier Aspect.

Death Returns Pouring in at Health Departments.

Fatal Diarrhoea Induced by Improper Infant Diet.

No Touch of Summer Disease With Lactated Food.

Eternal vigilance, especially during the heated season, is the price of baby's health and very existence.

The fatalities in mid-summer among the infant population are nothing short of appalling. The two causes are infarile indigestion combined with a debilitating high temperature. Or, in other words, a diet unfitted to baby's needs in summer. The ill effects of the intense August heat are far reaching. Many little ones droop and pine, without appetite and strength. Their usual diet fails to nourish or more often is wholly rejected. In this weakened condition the mistake of over-feeding, that anxious parents too often fall into, instead of nourishing the little ones, only brings on diarrhoea.

And diarrhoea, with the temperature high up, results in cholera infantum.

The extraordinary mortality from various forms of infantile indigestion this summer has led to careful inquiry, and the best authorities on the subject in the large cities have freely expressed their opinions.

Several of the best known physicians in Middletown were interviewed yesterday, and the following question asked:

"In view of the large death rate this summer of infants in Middletown, what do you recommend?"

The general sentiment of the profession was voiced in the following statement from one of the most successful practitioners among children. He said:

"There is nothing to equal lactated food, and its use is fast becoming general among the profession. We find that it is retained on the stomach when all other food is rejected or proves burdensome and a menace to the child's health. "For cholera infantum I find it most valuable, and I generally prescribe its use at once when called to attend such cases. In almost every case where mothers are unable to nurse their infants, I find that lactated food answers best of anything."

Many happy mothers in Middletown have used lactated food successfully where everything else failed. This food has kept their children strong and well during the dangerous summer season and they have recommended it to their friends, who have had the same happy experience.

THROUGH THE ERIE YARD.

Remarkable Run of a One-Eyed Port Jervis Horse.

A one-eyed Port Jervis horse created excitement in that village, Thursday night, by a long race through the Erie yard which was filled with cars, dodging among the cars and passing under the crossing gates, coming out without a scratch. The horse surprised a switchman by knocking him down and putting out his lamp.

The Union thinks the horse must have a charmed life to go over the course it did and escape death.

A Chance for Bargains.

Being about to retire from business, P. H. McShane, 77 Cottage street, offers for sale, regardless of cost, a fancy walnut back bar, with mirror, bar and bar fixtures, refrigerator, wagons, sleighs, grocery store fixtures and many other articles.

Big Crowd at the Band Concert.

There was a big crowd at the band concert at Midway Park, last evening, and the people were well cared for by the Traction Company.

We would like to look into the pleasant face of some one who has never had any derangement of the digestive organs. We see the drawn and unhappy faces of dyspeptics in every walk of life. It is our national disease, and nearly all complaints spring from this source. Remove the stomach difficulty and the work is done.

Dyspeptics and pale thin people are literally starving, because they don't digest their food. Consumption never develops in people of robust and normal digestion. Correct the wasting and loss of flesh and we cure the disease. Do this with food.

The Shaker Digestive Cordial contains already digested food and is a digester of food at the same time. Its effects are felt at once. Get a pamphlet of your druggist and learn about it.

HOOD'S PILLS cure Liver Ills, Biliousness, Indigestion, Headache, A pleasant laxative. All Druggists.

## BLOOMINGBURGH VS BULLVILLE.

A Game of Ball Ends in a Wrangle—Bloomington Given the Game, 9 to 0.

From a Bloomington Correspondent. The game of ball played in this village, yesterday, between the Bloomingtons and Bullvilles, broke up in a row in the sixth inning, when the Bullvilles, refusing to go on, the umpire, Mr. J. L. Kerschmann, of New York, gave the game to the Bloomingtons by a score of 9 to 0.

The story of the game, briefly told, is as follows: The Bullvilles, feeling sore over their defeat, last week, determined to get away with our boys, this time, and to that end imported a crack pitcher. They started off well in the game and at the end of the fourth inning the score was 4 to 0 in their favor. Then the Bloomingtons changed pitchers, Dr. Bull going into the box, and the Bullvilles failed to score in the fifth inning or in their half of the sixth. The Bloomingtons, who were beginning to "get on to the curves" of the imported pitcher, knocked out two runs in the fifth inning. In their half of the sixth they had three men on bases and not a man out. The imported pitcher, realizing that the situation was critical, determined to save his reputation if he had to sacrifice that of the club with which he was playing, and so when the umpire called a ball he declared that it should have been a strike. He was backed up by the Bullville players, who started in to argue with and bulldoze the umpire. He would not have it and finally told them he would give them three minutes in which to play ball. The three minutes passed and Bullville did not play ball, and accordingly the umpire gave the game to Bloomington, 9 to 0.

Base Ball Notes.

—The Ontario Base Ball Club is playing at Liberty, to-day.

—Port Jervis and Florida meet at Florida, to-day.

—Benj. Norton, President of the Newburgh Electric Railway Co., will give \$50 to the winners of a game of ball to be played between the Newburgh and Walden teams on the Newburgh fair grounds, this afternoon.

THE PRODIGAL SON UP TO DATE.

Lightning Kills the Fatted Calf and Opens the Family Bible.

From the Liberty Register. Hiram Hornbeck, son of Abner Hornbeck, of the town of Neversink, this county, quarreled with his parents when seventeen years of age and went to make a fortune at mining. He has been west twelve years, and during that time his parents had not heard from him. Hiram came home, after a complete financial failure, last Tuesday evening. He was ragged and penniless and penniless. He got home just in time to escape a drenching from Tuesday evening's terrific storm. His aged father and mother had just accorded their wayward son a glad greeting, when lightning struck and killed a calf in the barn yard. From there the same lightning entered an open window of the house, hit the family bible and opened it at the fifteenth chapter of St. Luke, leaving a black mark opposite the twenty-third verse of that chapter. This verse reads as follows: "And bring hither the fatted calf and kill it; and let us eat and be merry." Truly, this was the second returning of the prodigal son.
